Mesent Minded Sprinkler—An east South Temple street citizen was watering his lawn yesterday afternoon, and became deeply wrapt in thought, in fact so much so that he failed to note a pedestrian approaching. She, supposing the citizen would "know enough" to turn the hose for her to pass, kept straight on, and caught the stream square in the back. It ruined her waist, also, incidentally her temper, and she gave that man a piece of her mind he is likely to remember for some time. She refused to accept his profuse apologies, and floated on revolving many things in her mind.

CHARGE INSPECTOR INFIRM COUPLE WITH COARSE WORK

Board of Works Say Knox and Wife, Aged and Feeble, and Hus-Concrete Foreman Were In Collusion.

TOO LITTLE CEMENT IS USED EACH TAKES SEPARATE PATH

Sidewalks Under Contract to Kennedy May Have to Be Laid Again -Samples to be Taken.

After a careful investigation, C. P. Brooks, a member of the board of pubic works, declared last night at a meetng of the board that only two-thrus of the cement required by the plans and specifications was being used in the construction of sidewalk No. 108 in the southeastern part of the city. J. J. Knox, an inspector of the board, was accused of being in collusion with Harry Chernley, the foreman of the mixing machine, in carrying out this graft. Knox was summarily discharged pending an investigation and Mike O'Connor, superintendent of construcion for James Kennedy, the contractor, was notified to discharge his foreman, until the matter could be looked into. Ever since the contractors began to lay sidewalk in the extension the property owners in that district have been dissatisfied with the work. A committe was appointed to take the matter mitte was appointed to take the matter up with the board of public works and the city council to see what could be done to secure better sidewalks. In many places the sidewalk has crumbled in pieces and the committee made re-peated declarations to the board of pubic works that not enough cement being used to hold the sand together.

BROOKS INSPECTS WORK.

Mr. Brooks made a visit to the side-walk extension after he had heard of some recent complaints as to the charsome recent complaints as to the character of the work that was being done. Several blocks of this walk were not at all satisfactory to him. Further investigation, he says, disclosed that only two-thirds of the cement required was being used. Brooks traced this to the mixing machine and there found enough evidence to satisfy him that the foreman on the machine and the inspector were in collusion. He made this rewere in collusion. He made this re-port to the board and there will be an

investigation made.

This walk which, it is alleged, is not up to the standard, has been laid on Ninth East street between Princeton and Harvard avenues and on Eighth East and Eleventh South streets. Mr. O'Connor said when asked about the charges that no such work had been carried on with his knowledge or

been carried on with his knowledge of consent.

"I will take the matter up today and if the board asks me to discharge the foreman of the mixing machine I will certainly do it. There is some sort of a game going on, apparently, that I know nothing about. I have always given instructions that the specifications be followed to the letter and I have told my foremen to go beyond the tions be followed to the letter and I have told my foremen to go beyond the specifications in regard to the using of cement to bring the walks up to the standard. I believe that Mr. Brooks, who is an engineer, knows what he is talking about or he would not make such charges."

such charges." TO SAMPLE EACH BLOCK.

If the property owners have anything to do with the investigation it will cover the entire extension. It is understood that the abutting property owners will ask the board of public works to take samples of nearly every block of sidewalk laid in the extension and have an analysis made of it to determine the amount of cement used in the mixture. This will take some time, property owners and especially the committee which represents them, deslare that the sidewalks are not up to clare that the sidewalks are not up to the standard and never were laid ac-cording to the plans and specifications. When the committee asked for an in-vestigation several months ago of the work, Mike O'Connor told them he would relay any portion of the walk which was not satisfactory. With this understanding the committee dropped understanding the committee dropped its demand for an investigation. If the contractor carries out his promise he will probably relay about half of the walk which is now in.

The contract was awarded to James Kennedy last year. The extension cov-ers 50 miles of walk and is the largest ontract that was ever let in this part

of the country.

The board further ordered that the clerk send a letter to every inspector in its employ emphasizing the neces-sity of enforcing to the letter the speciications on all city work of every nature.

communication was sent to the Utah Light and Railway company ask-ing the company to relay some asphalt which had been removed at Fifth West and Second South streets.

ESTIMATES PASSED.

The following estimates were passed: James Kennedy, fourth partial esti-nate, sidewalk extension 108, \$25,620.96; P. J. Moran, paving repairs, first par-tial estimate, \$3,101.90; P. J. Moran, in-tersections at Exchange Place and tersections at Exchange Place and Main and State streets, first partial estimate, \$2,208.14; Louis A. Keisler, third partial estimate on building for gas producer plant, \$436.69; Davis & Heuser, first partial estimate on North Temple aqueduct, \$8,818.75; Zerbe & Walker, Nineteenth ward irrigation ditch pipe line, first and final estimate, \$440.75.

The following new inspectors were named by the board of public works; David H. Simpson, J. L. Justice, S. Galeazzi, John Brooks, Ed Embleton and Chris Wagener.

CHAMBERLAIN'S LINIMENT.
This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism, those who hace used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by all druggists. CHAMBERLAIN'S LINIMENT.

BREAK THE BOND

band, Bent With His Years And Gray, Are Divorced.

Woman Will Go East to Live With Friends-Man to Hunt for a New Home in the West.

After 30 years of married life, Mrs. Melissa Johnston, aged and infirm, D C. Johnston, gray and bent with years received the divided interest yesterday in their property-the accumulation of all these years of toil and hardshipand will live the remainder of their lives apart. With hope buried and life almost a burden. Mrs. Johnston will go to her sister in the cast to seek attention and comfort. With no more interests here. Johnston will hitch up his covered wagon, as in his younger days, and seek new land to make another start. This dramatic ending of a married life which came to naught occurred in Judge Morse's court at the conclusion of the regular divorce matinee.

When the fee for the sale of their

property, a five-acre farm in Mill creek was deducted, the clerk of the court reported that there was \$2,138 on hand. Mrs. Johnston was awarded half of the amount and \$60 for back alimony the amount and \$60 for back allmony which amounted to \$1,129 and Johnston was given the remainder, \$1,009. Judge Morse ordered Johnston to pay his former wife \$15 a month allmony. SON GIVES TESTIMONY.

Before the division of the property before the division of the property was made, Mrs. Johnston's attorney bartered for a lump sum of alimony. Seven years was held out as the probable extent of her life and \$600 was asked for. In the testimony which followed, Leonard Johnston, 26 years old, their only child, declared that his their only child, declared that his father had refused to pay alimony. He declared that on one occasion his father said that he would leave the state and see his wife in a poorhouse before he would give her a cent of alimony.

When Johnston took the stand he

When Johnston took the stand, he

When Johnston took the stand, he accused his son of attempting to secure his mother's share of the money and after sending her east spending the remainder for his own use. Under cross-examination they each denied the acccusations of the other.

The decree in the case was entered last February on the grounds of non-support and cruelty. The property was not sold, however, until last week and the final disposal of the case was made yesterday. made yesterday.

DID NOT LIKE THE IRISH.

Mrs. Flora C. Barrett, among other Mrs. Flora C. Barrett, among other things, found fault with her husband, John W. Barrett, because he was an Irishman. Then she refused to go out to places of amusement with him and was always discontented. Barrett had Mrs. M. E. Hanson, the proprietress of a roominghouse, take the stand and testify that Mrs. Barrett wrangled so of a roominghouse, take the state and testify that Mrs. Barrett wrangled so much that she disturbed the other lodgers and complaints were maid about her actions.

This evidence, however, was not suf-

ficient to constitute grounds of cruelty according to Judge Morse and he took the case under advisement on the charge of desertion. Mrs. Barrett left ner husband last September and is now in Columbus, O. She went on a trip to Denver, Colo., to visit friends out never returned. They were married in Ottowa, O., on Aug. 17, 1906.

WOULD CREMATE WIFE.

Although Mrs. Anna Smithson, a young and handsome woman, found the bank book of her husband, Charles Smithson, a saloon keeper in Milford, she did not have time to count it up before she was caught. For this reason she was unable to tell Judge Morse yesterday how much money her husband had in the bank when she asked for temporary alimony pending the hearing of the case. Smithson was not present and the case went over until next Friday for fur-ther hearing. They were married in Los Angeles in November, 1908. After they had lived together about three months Smithson beat her and once wrapped her in a blanket and threat-ened to cremate her.

DECREE FOR SOPHIA MELLEN Sophia Mellen was granted an interlocutory decree of divorce yesterday and restored to her former name of Johnson. Her son, T. J. Johnson, the issue of a former marriage, corrobor ated her story of non-support and desertion. Mrs. Mellen was married to Harry L. Mellen in Minneapolis on Feb. 23, 1902. Two years later Mellen serted her and she came back to Salt Lake where her son lives.

CHARGES NON-SUPPORT.

Lillian J. Kunkel filed suit yesterday afternoon in the Third district court asking for a divorce from Edward W. Kunkel on the ground of desertion. They were married in Salt Lake on Jan. 9, 1895, and have four children. For the past two years Kunkel has refused to live with her and during that time has failed to support her or the children. She asks for the custody of the children and suitable alimony to support them. support them.

HANNEY AWARDED JUDGMENT. Richard Hanney received a verdict Richard Hanney received a verdict for \$1,250 against Albert Fisher, the brewer, yesterday afternoon in Judge Ettchie's court for personal injuries sustained by being run down by an automobile. The jury was out about an hour before the members agreed upon a verdict. Of this amount Fisher was assessed \$500 as exemplary damage and \$150 for injuring Handers and \$150 for injuring Handers damage and \$150 for injuring Han-
